Song: Can You Hear Me?

Can you hear me?
I'm speaking softly
I'm listening for a sound
Or a sign

I'm having a bad day
I need a friend to stay
To listen as I sing my song
with you

Can you hear me?
Can you hear me?

I can hear you
I'm a friend so true
I'm listening
As you sing your song to me

I will comfort you
Like a sky so blue

Take your time
Share your thoughts with me

Cause I can hear you
I can hear you

Can you see me?
Feeling better now
Feels so good
To have a friend like you

When you listen
makes it easier
to know
I have a friend like you
And I'm not alone
Cause you can hear me
And I can hear you
