Song: Lift Me Up

Did you ever wake up and have a bad morning
didn't know if you were coming or going?
Need a friend to bring you around-
  lift you up, not put you down?
  Lift me up, don't put me down.
  Lift my feet up off the ground.
  If I'm lost, help me feel found.
  Lift me up, don't put me down, down, down.

Say in class you give the wrong answer,
and you're met with foolish laughter.
Take your laughter and get out of town!
  Lift me up, don't put me down.
  Lift me up, don't put me down.
  Lift my feet up off the ground.
  If I'm lost, help me feel found.
  Lift me up, don't put me down, down, down.

Cafeteria for something to eat
and you can't find a seat.
but a smiling face says, “sit here friend.”
Lifts your spirits once again.
  Lift me up, don't put me down.
  Lift my feet up off the ground.
  If I'm lost, help me feel found.
  Lift me up, don't put me down, down, down.

Every day as you make your choices,
can you hear all the voices
of the people in this town
crying out a familiar sound:
  Lift me up, don't put me down.
  Lift my feet up off the ground.
  If I'm lost, help me feel found.
  Lift me up, don't put me down, down, down.
  Lift me up.
