

Song: Little Bird

As you lie so peaceful
In your bed tonight
May your dreams fly high
Into the night
Let your dreams all come true
In that sky so blue

Fly on little bird, Fly on
Fly on little bird, Fly on

Can you tell me a story?
Will you sing me a song?
About the many pictures
In your heart
Let my love be a dove
Soaring above

Fly on little bird, Fly on
Fly on little bird, Fly on

Round and around
And around we spin
On this earth
Beneath a clear blue sky
If the winds of the day
If they take you away
I'll be here if you need me
Don't cry

Fly on little bird, Fly on
Fly on little bird, Fly on
Fly on little bird, Fly on
